of great advances in prices,  
**Our Immense Stock is  
of Great Advantage**

to our patrons, as we do not raise our prices until stock bought before the raise is all sold.

**DURING JULY WE INTEND TO  
STILL FURTHER REDUCE OUR  
STOCK IN EVERY LINE.**

**FURNITURE, CARPETS

**C. E. CRAWFORD.**

When you use Rogers Ivory Dental Paste, your teeth have a clean smooth feeling. That's because they are clean, cleaned without the use of chemicals or anything to hurt the enamel. Our Ivory Dental Paste is antiseptic and beneficial to the gums. You'll use your own teeth longer and have greater pleasure in living if you use Rogers' Ivory Dental Paste. Large tubes 25 cents

McMonagle & Rogers,  
Druggists.

**WE MERELY RISE TO  
REMARK** that we call our Baking Powder "Pure" because it is pure—pure in fact not merely in name. It's entire "raising" strength is due to Cream Tartar and Soda, and it contains neither alum nor phosphate. We know this because we make it from specially prepared materials. Housekeepers pronounce our Pure Cream Tartar Baking Powder (3 cents a pound) equal in leavening power to the most costly brands. Do you use it?

McMonagle & Rogers,  
Druggists.

**LIGHTING CONTRACT AWARDED**

**Gas and Electric Light Company to Get  
\$8,000 for one year—Other Con-  
tracts Let to Two Contractors  
from City Attorney.**

The Middlebury Gas and Electric Light Company concluded to accept the city lighting for one year at \$9,000 and the Council voted to give it to the contractor. The Council also awarded the contract for city street lighting of about seventy tons to Wilson Van Fleet at \$24 per ton for stove and chimney and \$15 for pipe.

The meeting was attended by all of the city except Mr. Walbridge, and by a score of well-known citizens who are bring or have brought titles.

When a hearing was granted yesterday Eliza S. McMillen asked that the upper end of Unionville Avenue be taxed. No action was taken.

W. E. Williams presented plans of John C. Goss's brick block to be erected on North Street and they were accepted and permits given to build.

The reports of the Higham, Chet Ader and Inspector Hirst were read and filed. The latter's roof water report cause less for discussion, and Mr. Neale said he had time to see that property was disconnected from the sewer. Mr. Neale asked what the property was going to do with the water that was presented from running into the sanitary sewers, and the members from the First replied that he didn't care that they could drink it if they wanted to.

The matter was finally referred to the attorney to choose the language, as was a complaint that Dr. C. McMonagle was violating the fire ordinance in the construction of a building on East Main Street.

It is quite evident that City Attorney Wiggin does not intend to attend any meetings of the Council. He has no time to do so, and he has no time to see that property is disconnected from the sewer. Mr. Neale asked what the property was going to do with the water that was presented from running into the sanitary sewers, and the members from the First replied that he didn't care that they could drink it if they wanted to.
